Additional Information	
Waiting Periods	No benefits are provided for treatment relating to a transplant until the member has been covered under this or a prior Asuris plan with the same group for six consecutive months. There is a waiting period that must be met prior to benefits being available for pre-existing conditions: groups with 2-50 eligible employees have a nine-month pre-existing condition waiting period and groups with 51 or more eligible employees have a three-month pre-existing condition waiting period. Members may receive credit from prior medical coverage.
Outside the Service Area	Through arrangements with our affiliates in Washington, Oregon, Idaho and Utah, members can access all levels of providers and payment in those states as if in the home service area. Outside those four states, members have the security of knowing they can access providers across the country. Through the Asuris Preferred Network, members receive Category 1 coverage with thousands of providers nationwide, discounted services, balanced-billing protection, and nationwide provider search capability. When you're an Asuris Northwest Health member, you take your benefits with you.
