For medically necessary services rendered by a Preferred Plan, participating, or recognized provider in the service area, the benefits of this plan will be provided at the percentage of the allowed amount as specified below after the deductible has been met. When you, or you and your family, have reached the annual out-of-pocket maximum for Preferred Plan or out-of-area provider services only, this plan will provide benefits at 100% of the allowed amount for the remainder of the calendar year for the services of Preferred Plan or out-of-area provider services only. Any balances of charges not covered by this plan will be your, or you and your family's, responsibility to pay. Most services provided by participating or recognized providers do not apply toward the annual out-of-pocket maximum.

***Services and supplies required to treat a medical emergency will be provided at the Preferred Plan payment level of benefits.

Cost Containment Provisions: All hospital and skilled nursing facility admissions must be medically necessary. When outside the service area, preadmission approval should be obtained to ensure that full plan benefits will be provided.

Emergency Care: In the event of a medical emergency inside the service area, benefits will be provided at the level specified for a Preferred Plan provider. Benefits for recognized providers will be based on the recognized provider's actual charge for the service. Outside the service area, benefits will be provided at the level specified below.

Care Outside the Service Area: Benefits will be provided at 80% of the allowed amount for care received from an out-of-area provider. Any balances of charges not covered by this plan will be your, or you and your family's, responsibility.

Waiting Periods: No benefits are provided for treatment relating to a transplant until you have been covered under this plan for 12 consecutive months. This waiting period will be reduced by any time that you were covered under prior plan(s) that qualify as creditable coverage. No benefits will be provided for preexisting conditions, including postnatal treatment of pregnancy, delivery, and voluntary termination of pregnancy, until you have been covered under this plan for nine consecutive months, unless you were continuously covered for at least nine months under the immediately preceding creditable plan.
